A bit about us... Why our Ciders?

After being in the "wine industry" for several years, David, Pat and the team at The Yea Winery, Cidery & Brewery decided to branch out into the Cider market. This was a big change for everyone!

We sourced the cider, created the branding, labels and promotion of these Ciders. To our amazement and surprise, the Ciders are rapidly overtaking the wine sales as well as in the popularity stakes.

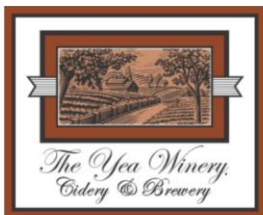

We have been lucky enough to have some local retailers take them on board and are doing great with regular re-ordering and local customers even asking for our products now too! It is our mission to have our Ciders available to the public in numerous venues and boutique bottle shops throughout Victoria.

We believe in what we sell and now is the perfect time to be advertising our range of fabulous Ciders. They are quirky, eye-catching and taste great too!! We can now offer new trade customers the opportunity to experience our Ciders.

Plus, we would love to get your feedback

To receive a FREE tasting pack of our Ciders, please contact us on our details below. They sell themselves and we know you won't be disappointed!!
Cheers! David and the Team
